DC1 = ex stock
DC3 = delivery within 15 working days ex works without surcharge on laminate price
DC4 = delivery within 20 working days ex works with 25% surcharge on laminate price
DC5 = proEnergyTec profiles, price conditions as colour delivery class, delivery within 30 working days
DC6 = colours other than the 88 profine colours on request
 * Profiles delivered with a lining of unprinted White protective film

DC1 woodgrains = laminated on one and both sides
DC1 plain colours = laminated on one side; laminated on both sides = DC3
DC3–DC4 woodgrains and plain colours = laminated on one and both sides

BiColor = DC4
 Geometry and colours available as standard. The base element colour is treated analogously to the “colour programme” for laminates on both sides according to inner colour.

Inside-laminated = DC4
 Geometry and colours available as standard

Base element colours laminated on the inside only:
 White or Cream (system-dependent). Black brown or Olive brown when aluminium covers used on outside.

Inside-laminated profiles on Black and Olive brown base element may be used only with aluminium covers!

Base element colour laminated on the outside only: White or Cream (system-dependent)
 Base element colour laminated both sides: see table
 Different base element colour in DC3 and DC4

■ □ = single-sided laminate
 ■ ■ = laminate on both sides

DC4 laminate colour range – 2016

DC4 laminate colour range – 2016
